

Recovery Document Feedback Questionnaire for Dwarf Woolly-heads

Please send your completed questionnaire to:

Mail: Environment Canada
115 Perimeter Road,
Saskatoon, SK S7N 0X4

OR Email: ec.leprpn-sarapnr.ec@canada.ca

To help us learn more about this species, please refer to the attached “Summary of the Proposed Management Plan for Dwarf Woolly-heads in Canada” and answer the following questions:

1. Have you seen this species on or near your land?

Never / Sometimes / Often / I don't know

Comments: _____

2. Are there activities going on in your area that could benefit this species or its habitat?

Yes / No / I don't know

If yes, please describe the activities and how these activities can help the species: _____

3. Are there activities going on in your area that could harm this species or its habitat?

Yes / No / I don't know

If yes, please explain: _____

4. Does your land have some or all of habitat features described in the management plan overview?

Yes / No

Comments: _____

5. Please share any information you think we should include in the management plan to help make it a success (e.g., the importance of this species to your community).

To help us identify actions we can take to support this species, please answer the following question:

6. Do you have any comments regarding the proposed strategies to recover and conserve the species? See “Broad Strategies and Conservation Measures” in the management plan overview.

Yes / No

Comments:

To help us learn more about how we can best contact landowners, and to let us know if you are interested in learning more about species at risk, please answer the following 4 questions:

7. Do you have any comments regarding the materials provided or the manner in which we have contacted you?

Yes / No

Comments:

8. If you received this notification by email, a copy of the proposed management plan will have been attached. Would you like to receive a paper copy of the proposed management plan? Yes / No

9. Would you like more information on how you can help conserve species at risk? Yes / No

If yes, can we contact you by: phone / email / mail / any of these methods?

Please provide your name and contact information below:
